

Destination Disaster!

Recently, a collision on a runway between a truck and aircraft resulted in the tragic loss of three lives. Attend this special briefing and learn that fatal runway collisions can occur at non-towered airports! Harry West, the FAA Runway Safety Program Manager for New England will discuss how to prevent this from happening to you! Don't miss this critical safety briefing. Flight instructors are encouraged to bring their students.

Directions: Rt 1 to Rt 73 in Rockland. On Rt 73 follow signs for museum.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
